

BoardMatch™ Leaders Program

BoardMatch™ Leaders is an initiative of Altruvest Charitable Services, a registered Canadian charity, delivered in partnership with top corporations.

For more than 30 years, the program has expanded the talent pool and enhanced the governance skills of charitable-sector boards and senior leaders. We're fostering more impactful charities and stronger communities.

We train emerging talent and leaders on the roles and responsibilities of board membership, then match them with a charity in need of their skills and interests.

To date, we've placed over 5,000 BoardMatch™ Leaders on over 1,000 charity boards across Canada and the US.

How the Customized CPHR Program Works

1. In-Person Training (Customized HR Focus)

- Two days led by sector experts
- Board roles, fiduciary duties, and governance models
- Strategic and generative governance
- Human Resources, Fundraising and Impact Measurement

2. Individual Matching Support

- One-on-one support from a Board-Recruitment Specialist to connect leaders with meaningful board roles.

3. Personalized Mentoring

- Mentoring from experienced board members as leaders transition into their new role.

Corporate Benefits

- ✓ Leadership development for executives and high-potential talent
- ✓ Unique employee engagement and retention opportunity
- ✓ Recognition through board-governance volunteer service
- ✓ Enhanced ESG profile and community impact
- ✓ Networking with fellow program attendees and board colleagues

BoardMatch™ Leaders Benefits

- ✓ Strengthen leadership, governance, and strategic skills
- ✓ Gain diverse perspectives and problem-solving approaches
- ✓ Execute vision, mission, and strategy collaboratively
- ✓ Expand professional and personal networks
- ✓ Apply your CPHR designation in a high-impact volunteer leadership role

Help us empower charities to enrich communities today.

"I really enjoyed being part of the cohort for the BoardMatch Leaders program through Altruvest. I met often with the Altruvest Recruitment Specialist after the training to really understand where my skills would be of greatest use for a not for profit and was matched to the board of Furniture Bank, an organization aligned with my values. I have been paired with a mentor as I transition into my board role to help me navigate the early days of being on the board. Overall I felt the the program was very valuable and I was able to network with others in the Vancouver business community."

Brenna Daloise, Partner, Assurance, EY Vancouver

"From Day 1, the practical application prepared me for a not-for-profit board position. While the training was engaging, effective and overall valuable, I found the matching process that followed equally important. I worked with an Altruvest recruitment specialist to align my skills and interests to the boards' needs, improve this alignment through the board assessments and applications, while also receiving coaching through the recruitment process. Not only have I landed on two amazing boards, Jump Math and Digital Moment, but I was also able to identify, with confidence, where I can be most helpful and effective. Thank you to the program organizers for providing such a valuable resource to the non-profit community."

Sladjana Jovanovic, CIO Technology & Data Transformation, BMO Toronto
